Dear Hiring Team,

With over 16 years of international experience in technical design coordination and architectural technology, I am pleased to submit my application for the [Job Title] position. Throughout my career, I have specialized in the technical execution of large-scale infrastructure and landmark projects, ensuring the highest standards of accuracy and efficiency.

My expertise lies in managing the full lifecycle of technical documentation, from conceptual 3D modeling to final manufacturing and construction drawings. I have a proven track record of coordinating multidisciplinary teams to ensure that complex designs are translated into constructible, code-compliant plans. My core competencies include:

- Advanced CAD/BIM Coordination & Drafting
- Technical Documentation & Project Lifecycle Management
- Cross-functional Stakeholder Coordination & Quality Control

I am a highly disciplined professional who thrives in fast-paced, high-stakes environments. I bring a meticulous attention to detail and a solution-oriented mindset to every project I undertake. Currently, I am also enhancing my technical workflows with a Master's degree in Data Science to drive further innovation and precision in design processes.

I would welcome the opportunity to discuss how my extensive professional background and technical skills can support your upcoming projects. Thank you for your consideration.

Sincerely,

Lijo Chacko  
Berlin, Germany
