

Dear Hiring Manager,

I am writing to express my strong interest in the Data Scientist / Internship position at your organization. With over 16 years of experience in engineering and product design, I am pivoting my career to apply my analytical expertise to complex business challenges. Currently pursuing an MS in Data Science, AI, and Digital Business at GISMA University of Applied Sciences, I am eager to contribute to your team in Berlin.

Throughout my career, I have relied on data-driven decision-making to optimize workflows and manage resources. My transition into data science builds on this foundation. In my studies, I have gained proficiency in Python, Machine Learning, and predictive modeling, developing concepts for predictive maintenance and analyzing sales trends skills I am excited to apply to real-world datasets at your company.

I bring a unique perspective that bridges technical data analysis with practical business application. My background in managing large-scale projects has honed my ability to communicate complex concepts to diverse stakeholders. I am confident my blend of domain expertise and technical knowledge will allow me to bring immediate value to your organization.

Thank you for considering my application. I look forward to discussing how my background can support your team's goals.
